HAKKIMIZDA/ABOUT US

Nor Alüminyum, müşterilerine hizmet verdiği ilk günden bu yana müşteri memnuniyeti ve sürdürülebilirlik faaliyetlerini kalite prensibi haline getirmiştir. Alüminyum sektöründe 20 yıllık tecrübemizle, hassas profilleri üretme yetkinliğine sahibiz. Mekanik işleme departmanından üretim tesislerine kadar tam entegre bir tesisimizin yanı sıra eloksaldan statik boyahanesine kadar müşterilerimizin her türlü alüminyum ekstrüzyon ihtiyacını karşılamaya hazırız.

Nor Aluminum has made customer satisfaction and sustainability core quality principles since the first day it began serving its customers. With 20 years of experience in the aluminum industry, we have the capability to produce high-precision profiles. In addition to our fully integrated facility—from the mechanical machining department to production plants—we are ready to meet all aluminum extrusion needs of our customers, from anodizing to electrostatic powder coating.

MİSYONUMUZ/OUR MISSION

Misyonumuz, müşterilerimize ve çözüm ortaklarımıza faaliyet alanımız çerçevesinde ihtiyaç duyduğu tüm ürün ve hizmeti uluslararası düzeyde kabul gören kalite standartlarını sağlayarak uluslararası pazarda itibarlı ve istikrarlı büyüme sağlamaktır. Bu misyonu ülkemizin ekonomik stratejileri ve menfaatleri doğrultusunda kullanarak ülke içinde, sektöründe lider firmalardan biri olmanın haklı onurunu yaşamak ve yaşatmaktır.

Our mission is to provide our customers and solution partners with all the products and services they require within the scope of our operations, in full compliance with internationally recognized quality standards, and to achieve reputable and sustainable growth in the international market. By pursuing this mission in line with our country's economic strategies and interests, we aim to earn and uphold the well-deserved pride of being one of the leading companies in our sector domestically.

VİZYONUMUZ/OUR VISION

Sürdürülebilir toplam kalite felsefesini ilke edinerek, alanında küresel pazarda lider olmayı kendine hedef alan firmamız, sürekli iyileştirmeler ile müşterilerine çözüm odaklı ve yenilikçi hizmetler sunma vizyonunu hedef edinmiştir.

By adopting the philosophy of sustainable total quality as a core principle and setting its sights on global market leadership in its field, our company has embraced a vision of delivering solution-oriented and innovative services to its customers through continuous improvement.
